June 25, 2020

Dear Parent/Guardian:

The North Carolina Department of Public Instruction is allowing school systems to operate summer school programs. This letter provides the details of our Cumberland County Schools Remote Summer Program and the opportunity for your child to participate. Our goal is to promote continuous student learning through grade level activities that will provide rigorous, content-rich practice and ongoing learning opportunities over the summer months.

Your child will receive the cumberland@home Summer Edition learning kit in the mail during the week of July 6th. The learning kits contain hands-on resources and materials for students to practice and apply key academic skills necessary to be successful in the 2020-21 school year. A Parent Guide will be included to provide you with information on using the contents of the learning kit to support your child's learning. Support is also available through the cumberland@home Summer Edition helpline and through recorded lessons available on the CCS YouTube Channel and the FTCC Closed Circuit Television Channel. More information about these resources is located on the CCS cumberland@home website at www.ccs.k12.nc.us.

Respectfully,

Tim Gardner

Principal
